

An Acrostic Poem for Veterans Day

Write an acrostic poem from the word "veterans." Each letter in the word becomes the first letter in your line, like this acrostic poem about those who are currently serving in the Armed Services. Your poem can rhyme or not rhyme.

Soldiers, men and women, are
Ever ready to protect our country and our friends.
Reservists train, too, to defend and guard with
Valiant hearts. They all serve
In our country or abroad and
Need our prayers.
God, please protect them while they protect us.

Now You Try It
